

INFORMATION FOR STUDENTS AND VISITORS REGARDING THE CORONA PANDEMIC

You have got an appointment at the Ruhr-Universität Bochum (RUB).

To keep yourself and others healthy in times of COVID-19, the following rules apply:

- Under the following circumstances you are **not** allowed to enter the RUB campus or RUB facilities:
 - If you have tested positive for COVID-19 (until the end of the quarantine period defined by the health authority „Gesundheitsamt“ in charge)
 - If you have been in contact with a person who has tested positive for COVID-19 (until the end of the quarantine period defined by the public health department „Gesundheitsamt“ in charge)
 - During a quarantine period after staying abroad (please also see „Coronaeinreiseverordnung NRW“)

In addition to that, please note:

- In case of symptoms of a respiratory infection (including mild symptoms) and/or recently developed odour or taste disorders, you have to stay at home. Please contact the person in charge of your appointment by phone or e-mail to re-schedule.
- Come to the appointment alone (without an accompanying person unless assistance is needed e.g. for (severely) disabled persons. In this case please discuss the according arrangements in advance with the person in charge of your appointment).
- A face mask (mouth-nose cover) has to be worn inside all RUB buildings in all public spaces (hallways etc.) and in shared facilities (e.g. rest rooms, kitchenettes).
- During events, the instructions of the person in charge of the event („Veranstaltungsleitung“) must be observed.
- Go straight to your appointment.
- Preferably travel alone in an elevator. Keep as much distance as possible to other persons and wear a face mask. If in doubt, take the next elevator.
- Please be on time and keep a distance of at least 1.5 m to other persons during waiting times.
- Avoid shaking hands and other physical contact.
- Leave the RUB campus / RUB facility directly after your appointment.

Thank you for your cooperation!
